

ÁLVARO SIZA VIEIRA

This publication is an initiative of the Illinois Institute of Technology's College of Architecture and its affiliated MCHAP, Mies Crown Hall Americas Prize. This award was launched by Wiel Arets, the Illinois Institute of Technology College of Architecture Dean and Rowe Family College of Architecture Dean Endowed Chair, on 13 March 2013, as one of his first initiatives as Dean. The inaugural MCHAP jury was chaired by Kenneth Frampton and included Jorge Francisco Liernur, Dominique Perrault, Sarah Whiting, and Wiel Arets. The jury visited all the finalists and awarded the prize to Álvaro Siza Vieira for his project Fundação Iberê Camargo in Porto Alegre, Brazil.

Álvaro Siza Vieira presented his thoughts and work at S. R. Crown Hall to the academic community and was interviewed by Kenneth Frampton and Wiel Arets at the Farnsworth House. The content of this book is the result of a visit to Porto, Portugal, of Vincent Mentzel, Kenneth Frampton, Vedran Mimica and Wiel Arets in July 2016, where they undertook a journey with Álvaro Siza Vieira to his early works.

The President of MCHAP would like to thank all those who made this program and publication possible: IIT, CoA, The City of Chicago, and the firms and individuals that generously support the initiative, including CCA Canadian Centre for Architecture, the Alphawood Foundation, Kohler and the Mies van der Rohe Society at Illinois Institute of Technology.
